

Buzz group: Draw a market map of your customers

EXERCISE: Now try to unpack the value in one of YOUR products / services / solutions

1. Our offering

What do your customers say they want from:

- a) Your core product/service (tangible or intangible, e.g. engine, bank account)?
- b) Any surrounding product/service (e.g. customer support, training, replacement parts)?
- c) Any wider 'experience surround' (e.g. relationship, peer-to-peer interactions, making use of your network of contacts etc)?

3. Customer use process

What does the *customer* have to do when using your products/services, in order to achieve the goals listed in step 2?

2. Value-in-use

What are the *goals* that customers are really trying to achieve when they ask for the things that you have listed in step 1?
