

Final Project
Network, Fleet and Schedule Strategic Planning
M.Sc. in Air Transport Management
ITU Aviation Institute

Due on 25 April 2014
17:00 via email

Dear Program Fellows:

Logistics for the Project Report

- The Final Project for the “Network, Fleet and Schedule Strategic Planning” is due on 25th of April by 17:00 sharp - no extensions or no excuses for whatever reason!
- Each group should send the Final Project Report as a soft copy (.doc,.docx,.ppt,.pptx or pdf) to Prof. Gokhan Inalhan. He will share it with the MIT and Boeing Team.
- There is no specific guideline or format the groups should follow. Please feel free to create your own report formats. However do not forget to include a logo of THY Aviation Academy and a logo of your university ITU within the project cover pages.
- The official logo of ITU can be found under : <http://www2.itu.edu.tr/?kurumsal-kimlik> . Do not use any other logo (or logo that you find somewhere from the internet). For the THY Aviation Academy logo, please use the logos from <https://akademi.thy.com/en-en/media/logos> . Do not use any other logo (or logo that you find somewhere from the internet).
- Please also include your name, the name of the Institute and the program and the class name to which this project is associated. In this case these would be :
Your Name
Final Project
Network, Fleet and Schedule Strategic Planning
M.Sc. in Air Transport Management
ITU Aviation Institute
- Report language is English! Preciseness, strategic thinking and valuable content

will get you a AA not a huge report.

- While sending the report please use the inalhan@gmail.com instead of inalhan@itu.edu.tr address as the itu email has 10MB quota and it will not be able to receive emails with larger size attachments.

Final Project Report

- Review the case study as given in:

<http://aviation.itu.edu.tr/Icerik.aspx?sid=12268>

- As noted within the class presentation of your group case studies, for the Final Project we basically expect that you further improve your case study analysis following the comments as given within the class.
- In addition you are free to do additional analysis, or even change the fundamental pillars of your case study that you had presented.
- Do not forget to include any supporting materials such as excel files and/or presentations that will make evaluations easier on our side.

Grading

- The grading style in ITU is as follows. A good job will get you a AA, a mediocre job will get you a CC.

AA : 4.0/4.0

BA : 3.5/4.0

BB : 3.0/4.0

CB : 2.5/4.0

CC : 2.0/4.0

DC : 1.5/4.0

DD : 1.0/4.0

FF : 0.0/4.0

- The minimum passing grade for a graduate class at ITU is CC. For any grade that you get below CC for a mandatory course, you would need to repeat that

mandatory course.

- For you to be able to graduate from the program the minimum total GPA required is 3.0 which corresponds to BB for the overall GPA.
- Please take these into account while preparing your reports or getting ready for exams.
